

OBSERVATION JOURNAL

This book is for Kids (& adults!) to observe what you see and hear while visiting the Little Native Seed Libraries on the trail. The booklet is completely optional & yours to keep. Feel free to spend as much time as you need to make your observations at each location

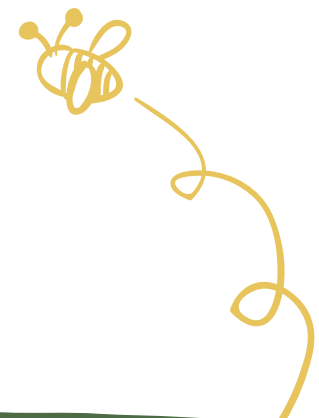

BUMBLING BEES

MCCLAIN CABIN
JOHNSON CO PARK

What do you hear?

While you're at McClain Cabin, take time to close your eyes and listen to the pollination happening for about 2 minutes. Record what you hear below...you can even draw a picture of what it sounds like

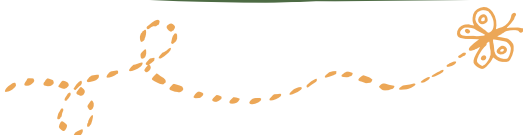

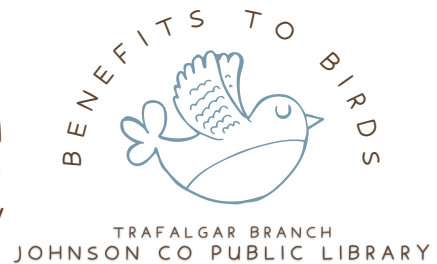

What do you see?

While you're at Soil & Water, notice if you see any butterflies around while you are there. What do they look like? Make any observations about their behavior below

What do you hear?

While you're at the Trafalgar Branch of JCPL, notice if you see any birds visiting the prairie... what do they look like? Are they calling to each other? Write or draw your observations below!

PLANTS & POLLINATORS

GREENWOOD STORMWATER
NATURE CENTER

What do you see?

While you're at the Nature Center, write down the colors that you see or flowers that you see...are there any insects or pollinators on those flowers? Draw them as well!

What do you smell?

While you're at Purdue Extension, notice if it has recently rained. Does it smell like rain? Maybe earthy or floral? Write down or draw what it smells like at the rain garden below!

PURDUE EXTENSION
OF JOHNSON CO

What do you see?

While you're at Barnes Science Hall, notice if there is any sign that wildlife has been around. Are there animal burrows in the ground? Bird nests in the trees? Draw what you see!

What do you see?

While you're at Johnson Co Park, notice if it seems like the trees are being crowded. Does this look natural? Are there any areas that look more open?

Draw the difference in the space below! JOHNSON CO PARK
